B.Tech in CSE
Siddhartha Institute of Engineer and Technology

2014-2016
MPC
Narayana Junior College

CERTIFICATION

2022
Introduction to Redis Data Structures

Redis University

EXPERIENCE

2021 - present
Tata Consultancy Services

Maximo & Tririga Application Developer

Hands on experience in Developing and Integrating 40+ Business Intelligence Reports (BIRT Reports / BIRT Dashboards) in Maximo that helped the organization save hundreds of $ in annual costs.

Automated Email Notification: Developed a new module for Maximo that sends automated email notification to site users when status is changed for work order. This will help to ensure that site users are always aware of changes to work orders and can take action accordingly.

Maximo Upgrade: Worked with the team to upgrade Maximo from version 7.5 to 7.6.1.2. I was responsible for testing and verifying that the upgrade was successful.

Designed and developed a module to update currency conversion details using Java code, speeding up customer work by 98%.

Well versed in designing and manipulating SQL queries.

AWARDS

2021
Best Team Awards - Tata Consultancy Services

I was awarded 'Best Team Award' in appreciation for my outstanding contribution to the organization.
